MURALS

The background of the page features a watercolour mural design. On the left, there are several green leaves of various shapes and sizes, some with dark green veins. A central stem with several buds or small leaves extends upwards. On the right, there is a large, light blue flower with a long stem and a small bud. The overall style is soft and artistic, typical of watercolour painting.

Watercolour Garden - Winter from the *Watercolour Garden* series of contemporary children's murals. These hand painted designs each tell their own story and are designed to bring life and imagination.

Customisable and printed to order on any of our functional print bases this whimsical mural will add adventure and imagination to your child's room..
